

SERVICE BULLETIN

APPLICABILITY LEGACY SEDAN 1995-1996**DATE** 09/13/96**SUBJECT** LEGACY POWER ANTENNA NOT RETRACTING FULLYRepair Procedure:

- Loosen the antenna dress nut (Do not remove).
- Raise the antenna mast.
- Remove the antenna dress nut.
- Clean the antenna mast, using alcohol.
- Lubricate with WD40 or the equivalent and wipe off the excess.
- Install a new dress nut, P/N 86323AC060, orange colored O-ring type.
- Lower the antenna and tighten the dress nut.

Inspect the antenna mast for any bends or damage. If damaged, the antenna mast and nut assembly must be replaced with the modified part, P/N 86323AC070.

NOTE: A BENT OR DAMAGED ANTENNA IS NOT A MATTER FOR WARRANTY.

Production Modification:

97MY Legacy vehicles produced from 7/11/96 have a new style antenna mast and dress nut.

Starting production VIN: V*201185

The modified antenna mast can be identified by having only 6 segments when fully extended. The diameter is also smaller. Due to the smaller diameter, a different dress nut is used which can be identified by a blue O-ring.

This modified antenna part number for 1997 MY to present is 86321AC071.

Flat Rate Information

The following warranty information is for the replacement of the power antenna dress nut and the cleaning of the antenna mast.

Item Description/ Failure Code	Operation Number	Labor Description	Time

CAUTION

VEHICLE SERVICING PERFORMED BY UNTRAINED PERSONS COULD RESULT IN SERIOUS INJURY TO THOSE PERSONS OR TO OTHERS.

Subaru Service Bulletins are intended for use by professional technicians ONLY. They are written to inform those technicians of conditions that may occur in some vehicles, or to provide information that could assist in the proper servicing of the vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do the job correctly and safely. If a condition is described, DO NOT assume that this Service Bulletin applies to your vehicle, or that your vehicle will have that condition.
